FEBRUARY 2025

INVESTMENT OBJECTIVE

To provide income and long term capital growth.

STRATEGY RISK PROFILE AND SUITABILITY

The Portfolio has a multi asset approach and will make use of different asset classes to achieve its objective.

The Portfolio is managed with a moderate level of risk. The managers will employ the full range of actively managed Blenheim funds in the construction and running of the Portfolio with the necessary risk controls to ensure the Portfolio remains in line with its stated risk profile. The Portfolio's exposure to equities will be limited to no more than 60% and the balance will be invested in a blend of other asset classes to maintain the moderate risk profile nature of the Portfolio.

The Portfolio is suitable for investors who are looking for income and longer term (5 years plus) capital growth, and are prepared to accept a moderate level of risk, which is a higher level than the Defensive Mixed Assets Portfolio and with the commensurate higher potential return, but lower than Global Equities.

MANAGEMENT

The Portfolio is managed by Beckett Asset Management's team of investment professionals: Samantha Owen, Tony Yousefian and Ian Goodchild.

As well as deciding on asset allocation, the team also manages the underlying Blenheim range of funds. These are actively managed utilising a wide investment universe, in line with their investment objectives.

BENCHMARK

ARC Sterling Balanced Assets Private Clients Index is a suitable benchmark. This index has a targeted volatility band of 20%- 60% relative to World Equities.

MANAGER COMMENTARY

February was a negative month for the model, giving back some of the gains made in January.

President Trump and his tariffs made February an interesting month for markets. Unpredictability, recklessness and confusion is high in US politics. We believe that Trump is throwing his weight around to get businesses to move their manufacturing to the US, but this is not something that can happen overnight. Of course, it's very possible that Trump may announce a u-turn on any of his policies which could spark a market turnaround and could just be a storm in a White House tea cup.

Overseas Equity went from being the biggest contributor in January to a detractor of returns in February. The other parts of the portfolio held up well in the face of a pickup in volatility, but not enough to compensate.

There were some changes made in the Fixed Income fund and also in the Overseas part of the model where we added to China. Please check out the Blenheim fund factsheets or the latest BAMalyst for more details.

RETURN AND VOLATILITY - 5 YEARS TO 28/02/2025

IMPORTANT INFORMATION AND RISK WARNINGS

Charts' data source: FE Fundinfo.

As is the very nature of investing, there are inherent risks and the value of your investment will both rise and fall over time. Please do not assume that past performance will repeat itself and you must be comfortable in the knowledge that you may receive less than you originally invested. Changes in rates of exchange may have an adverse effect on the value, price or income of an investment. The opinions stated are those of Beckett Asset Management Ltd which is authorised and regulated by the Financial Conduct Authority.

BAM MPS performance figures take into account the ongoing charges of the underlying holdings but exclude adviser charges and platform fees. Inclusion of these will result in a lower return to the end investor, depending on the client agreement and the platform used. Prospective yield is not guaranteed and does not include deductions for expenses and tax. It is calculated using the holdings' expected distributions over the next 12 months (data as at 31/12/2024). Any variation in the actual amounts paid will impact the total yield. This impact could be positive or negative.

ARC PCI: Asset Risk Consultants (ARC) operate the Private Client Indices (PCI) across the risk spectrum as performance measurement and yardsticks for discretionary portfolio managers. This data includes platform fees and may be estimated and subject to revision.
